Math Games & Strategies (Wednesday at 4pm and Thursday at 5pm)

Sample activities:

- playing board and dice games that reinforce addition, subtraction, multiplication, and division skills
- scavenger hunts for geometric shapes
- observing objects through different size and shaped lenses
- introduction of more advanced concepts, such as pi and surface area

Science Experiments & Predictions (Monday at 4pm and Tuesday at 5pm)

Sample activities:

- building compasses
- making slime
- discussing centripetal force through Beyblade® battles
- hunting various endangered stuffed animals in different habitats

English Writing Activities and Creative Arts (Friday at 4 pm)

Sample activities:

- making poems
- create animal folk tales
- acting out plays
- play nursery rhyme Madlibs

Sessions (\$12) will last for 60 minutes and will be age appropriate. Some time within a session may be allotted for wiggle room or other enrichment activities if the ACE kids get restless.

Our program Leader, Theresa, has a both bachelors and masters degree in science and is a mother of three. She will be assisted by RI Certified Teachers of Math, Science, and English as well as coaches from RISE Gymnastics.
